Applicants' "Comments on the Statement of Reasons for Allowance" without prejudice as
follows:

Comments on the Statement of Reasons for Allowance

Applicants acknowledge the Office's admission that the pending claim is patentable over
the prior art.

Applicants respectfully submit that while the specific features and relationships referred to in the Statement of reasons for allowance are not disclosed or suggested in the prior art, these are not the only recited features and relationships which are not found in the prior art. The Statement also indicates a general paraphrasing of BPAI language, but not the exact BPAI language nor the exact claim language. It should be understood that the claims are to only be limited by that subject matter which is positively recited. Any remarks in the Statement which attempt to narrow the recited subject matter should be disregarded.

Respectfully submitted,
